

JANNAF JOURNAL OF PROPULSION AND ENERGETICS

Call for Papers - Volume 3

The **JANNAF Journal of Propulsion and Energetics** is an unclassified, limited-distribution technical journal dedicated to the publication of scholarly work in the fields of aerospace propulsion and energetic materials research and development.

The inaugural issue of the JANNAF Journal was released and distributed at the JANNAF Propulsion Meeting (JPM) in May 2008.

Volume 2 of the JANNAF Journal is scheduled for release at the JPM in April 2009.

The Call for Papers for future issues is ongoing; however, authors who wish to have their manuscript considered for publication in **Volume 3** of the JANNAF Journal should submit their manuscript **now**, but no later than July 30, 2009, to allow sufficient time for the peer review.

Consult the **Author's Guide** for complete instructions on how to prepare and submit a manuscript.
